Media Arts,
Music,
Theatre

Q2 How did learning in the arts impact your education and life after high school??

I continue to sing in church choirs. I was one of the three sisters in the Mikado when I was a young adult. Participated in three different Road shows and a Dance Festival in Utah. Have a lifelong love for music and Theatre

Q3 How would you describe the current status of arts education in your district? What's good, and where is there room for improvement?The arts (dance, media arts, music, theatre, and visual arts) are a core subject in our state definition of basic education, and in federal law.(1) However, the reality is that many schools are not providing adequate arts instruction.(2)

Our middle and high schools offer many opportunities for a variety of Interest. Some even participate in community operettas as a result of sparking interest in school

Q4 How would you describe your role in ensuring that there is an equitable provision of standards-based arts instruction for all students in your district? What strategies would you use to support this?A well-rounded curriculum is a key part of a high-quality education. However, studies(3) show that over the past decade the arts have been crowded out of the school day.

Once elected, I suspect I will learn a great deal about what my responsibilities will be

Q5 How do you see the arts playing a role in student success in your district?Extensive research (4) has shown that arts education increases student engagement. It helps close opportunity gaps, reduces dropout rates, helps more students be college-ready, and develops the creativity needed in the 21st-century workforce.

I have seen a handful of students go on to semi-professional participation locally
