Q4 Which of these arts did you have as part of your own K-12 education?

**Music,
Theatre**

Q5 How did learning in the arts impact your education and life after high school?

More than anything I learned that practice makes perfect, and it takes a high degree of effort to produce something beautiful, and that such beauty should not be taken for granted...thus effort is accentuated over 'feelings'.

Q6 How would you describe the current status of arts education for Elementary students in your district? (The arts are a core subject in our state definition of basic education and in federal law.)

Dance	Needs Improvement
Media Arts	Needs Improvement
Music	Needs Improvement
Theatre	Needs Improvement
Visual Arts	Needs Improvement

Q7 How would you describe the current status of arts education for Middle School students in your district?

Dance	Needs Improvement
Media Arts	Needs Improvement
Music	Needs Improvement
Theatre	Needs Improvement
Visual Arts	Needs Improvement

Q8 How would you describe the current status of arts education for High School students in your district? (Two arts credits are required for graduation.)

Dance	Needs Improvement
Media Arts	Needs Improvement
Music	Needs Improvement
Theatre	Needs Improvement
Visual Arts	Needs Improvement

Q9 Research has shown that arts education increases student engagement, helps close opportunity gaps, and reduces dropout rates, yet a recent study in King County shows that race and income are barriers to access to the arts. How do you see yourself addressing fair access in your district?

I don't believe that this is relevant without context. You can teach art and the discipline of effort with any materials, including music with plastic flutes. You don't need more money, you need critical thinking and 'artful' creation...the very essence of art. The idea that 'racial discrimination' is a limiting factor is pure bullshit.

Q10 If elected, which of these strategies would you consider to support arts education in your district?

- Research current arts program and assess needs at district buildings**
- ,
- Work for a budget to financially support arts instruction at all schools**
- ,
- Develop or expand district support for teaching artist residencies**

Q11 If elected, would you like Arts, Culture & Education updates from ArtsEd Washington?

Yes
