Q4 Which of these arts did you have as part of your own K-12 education?

Music

Q5 How did learning in the arts impact your education and life after high school?

As a child I took band. I feel that the 7 years I had band and learned to play the saxophone, clarinet and some piano I feel it helped with my math skills. I think band is vital for all children to participate in. I think it helped me to be more well rounded. To this day music is vital to my being. I feel a world without music is a world in chaos. It's an outlet and way to express oneself or listen to and relate too and help express oneself in that way.

Q6 How would you describe the current status of arts education for Elementary students in your district? (The arts are a core subject in our state definition of basic education and in federal law.)

Q9 Research has shown that arts education increases student engagement, helps close opportunity gaps, and reduces dropout rates, yet a recent study in King County shows that race and income are barriers to access to the arts. How do you see yourself addressing fair access in your district?

I have already been pushing for our Native and Hispanic students participate in a Art camp. This is the second year they are attending.

Q10 If elected, which of these strategies would you consider to support arts education in your district?

- Work for a budget to financially support arts instruction at all schools**
 - ,
 - Support professional development for classroom teachers**
 - ,
 - Develop or update a district level arts plan.**
-

Q11 If elected, would you like Arts, Culture & Education updates from ArtsEd Washington?

Yes, and please send me the studies referenced in the survey
